Pressing Needs

Some equipment has been changed at the main office of the foundation last year thanks to the support of several donors. However, several computers remain very old. The creation of new positions for human resources or vocational training also results in the reorganisation of the main office. More material needs are to meet. This new equipment shall allow our team in the main office to fulfil at best the coordination of the activities led on the field and relations with donors.

(! Please refer to list – codes 52, 57, 58)

Day-to-day needs

<u>Code</u>	<u>Item</u>	<u>Annual amount for 10 children *</u>	<u>Total necessary amount</u>
